

TOPS - T-SHIRTS

The sizes below are a guide for you to use. We do not offer any guarantee that sizes fit as we don't see the people the garments are for. As a guide what size do you wear in the majority of brands, choose that or a size up as you can always adjust a bigger size down. We also offer adjustments to sleeves and or body width and length in increments of 5CM

All sizes are in CM
