Gross Total	Wickets		Net Total
	Ⓜ	RO^A	

2 runs deducted for each out (-2)

1 run for each wide or no ball; plus any runs taken; extra ball to be bowled

Scorers must ensure umpire calls over after 8 balls

Overthrows are added as runs/extras depending on delivery; including 4 overthrows

If two (2) consecutive wides, no balls or unplayable balls are bowled, the facing batsman is given a "free hit" of the ball which is placed on a tee by the square leg umpire. All other rules apply after the shot is played and the hit counts as a ball. Bowler resumes next ball.

A batter must **NOT** face the next delivery if out

Maximum 8 ball overs

Runs completed before a runout are counted

4 + 1 wides or byes if ball goes to boundary

If the batsman hits a no-ball; score 1 No ball to extras and all other runs hit by the batsman to the batsman

^Run-outs do not count as bowler's wickets
